Re: June 12th at 9 am in the House Commerce Committee on HB 4163

Judy, would you please send on or carry to the hearing, my letter of support below, for HB4163?

Thank you,

Terrie Hampel

Dear Legislators,

As a long time tobacco control advocate, I support the timely passage of HB4163. In Muskegon County, 70% of 412 people surveyed said they preferred smoke-free workplaces. The same number preferred to dine in smoke-free restaurants. It is time. Pass this cost-saving bill with the support of the majority of your constituents!
